# THE ENFORCEMENT CHALLENGE TRADING STANDARDS PERSPECTIVE

David Pickering  
Food Lead Officer CTSI

Our approach to enforcement

What's happening with FIC labelling?

What's happening with health claims?

Where are we with nutrition information in  
restaurants and food service?

# Our approach to enforcement

The Regulations have shifted the nature of  
issues we are dealing with

# Our approach to enforcement

Changes in the regulatory landscape and the market place mean that we have altered the way we work

# Our approach to enforcement

Coordination has been made a higher priority  
but the tools to do that have changed

# Our approach to enforcement

Use of Knowledge Hub

National Focus group linking with Business  
Expert Group

Primary Authority partnerships

# Our approach to enforcement

Survey and project work is being carried out to help us understand what the issues are

# Our approach to enforcement

NTS now coordinating programme on behalf of  
FSA sampling

Improvement notices for NHCR?

How do we deal with the internet?

# What's happening with health claims

Achieving consistent compliance?

How do we work with businesses to achieve compliance?

# What's happening with FIC labelling?

Lots of issues but levels of compliance  
generally good

Pragmatic approach being taken by regulators

# Where are we with nutrition information in restaurants and food service?

Information still voluntary

There are schemes which work with businesses to offer healthier options

# Thank you
